

October 4, 2011

Mr. Shawn Ghose, EPA Project Coordinator  
Superfund AR/LA Enforcement Section (6SFRA)  
U.S. Environmental Protection Agency  
1445 Ross Avenue  
Dallas, Texas 75202

**Subject: Comments and Request relating to the  
Third Five-Year Report  
Arkwood, Inc. Site**

Dear Mr. Ghose:

I recently received a copy of the Third Five-Year Review Report (FYRR). It is interesting to note that I received a copy of the report indirectly from Curt Grisham on September 21, 2011 and from Nancy Yarberry of the USEPA on September 30, 2011 via Federal Express. Based on an email forwarded by Mr. Grisham, Mr. Carlos Sanchez provided Mr. Grisham with a copy via email on September 19, 2011.

After review the FYRR, I feel compelled to comment on the fact that the concerns I raised earlier regarding the Deed Notice were not addressed. For reference, please see my letter dated October 22, 2010 (copy enclosed) identifying errors and omissions in the Deed Notice. It is important that the Deed Notice aid in ensuring that the Site remedy remains protective of human health and the environment. The Deed Notice as currently recorded is inaccurate and incomplete.

I am requesting that the EPA direct the property owner, Mr. C.C. Grisham, to file on record in Boon County, AR the Deed Notice prepared by McKesson (copy enclosed).

Please do not hesitate to contact me at (608) 848-4134 if you would like to discuss this further or need additional information.

Sincerely,

Jean A. Mescher, Project Coordinator  
Director, Environmental Services
